The deepest sympathy of hosts of friends will go out to Mrs. F. M. Jennings in the loss of a devoted husband and father, Mr. Sheldon Jennings, passed away very quietly and very unexpectedly Monday night.

Much admiration centres about the Mrs. Jennings, who, as president of the Christ Church bazaar, is showing so much courage and pluck, not allowing her deep trouble to interfere with her duties any more than absolutely necessary.

Mrs. James Wallace, 2211 Athabasca avenue, received Monday afternoon for the first time since coming to town.

Her guests were a smart black creation, the hostess wearing in a cream coat of white lace mounted on crimson.

Mrs. R. J. Saunders, who received with the hostess, chose black and red for her costume, with trimmings of gold and lace.

Mrs. Gardner, in black, with a wide brocade belt, seated next, Miss Saunders, in black, and Miss McEwen, in black.

The drawing room was gay with callers throughout the afternoon.

Mr. Geo. Rockwood's many friends are happy to hear that he is valiantly after a very serious operation which he underwent at Mayo's, Rochester, receiving the best of health, and will, however, have to remain in the hospital for a time longer.

Mrs. Joslin Frier's drawing room, along with merry chatter Monday afternoon, was filled with callers greeting this popular hostess and her mother, Mrs. de la Roche.

Mrs. Pirie was smartly frocked in midnight blue, with garnets and pearls of black and shadow lace.

Mrs. de la Roche, in black, with a wide brocade belt, seated next, Miss Saunders, in black, and Miss McEwen, in black.

The drawing room was gay with callers throughout the afternoon.

The little group of about thirty ladies gathered for their tea.

WEDNESDAY, NOVEMBER 10, 1913

A man has been arrested charged with representing himself to be a member of the city police force. If he wasn't crooked he must have been crazy.

The city postal clerks are out with their annual reminder to those who send Christmas presents by mail to do it early. It will also be a reminder that the time is at hand to dissipate the residue of our summer wages.

There is some likelihood of the majority campaign turning upon the issue of expert advice. A man has been arrested charged with representing himself to be a member of the city police force. If he wasn't crooked he must have been crazy.

A convert to Mohammedanism, deprecates the un-Christian intolerance of many Christians, and says that while holders of his beliefs are sorry that the infidels are not to condemn them to eternal damnation, Mohammed clearly was not a Mohammedan.

More children are now in attendance at the Edmonton schools than at those in Calgary. There are two possible explanations. One is that Edmonton has the larger population. The other that Calgary children do not go to school. In either event the numbers are with Edmonton.

If it be true, as reported, that the Kartak has founded with Stefansson and party on board it will be recalled with some uneasiness of mind that the captain is leaving Victoria aboard the ship as a token and tub altogether unfit to buffet a way through storm and ice in the Arctic.

The burglarious element continue to play their nocturnal cat with no noticeable interference from the police. Perhaps better better than the burglarious element, the charity should begin at home, and are too busy guarding their own premises to go cruising about to prevent the plunder of their neighbors.

There is said to be a prospect that fresh eggs will soon be worth sixty cents per dozen. That, of course, would exclude the egg-laying tables but those of the well-to-do. The householder of moderate income has one source of satisfaction however. He has already done without eggs so long that he has pretty well forgotten what they taste like.

Late despatches from Mexico say that Huerta indicates no intention of resigning, that congress will convene on Thursday, and that Huerta is preparing to resist intervention should it be attempted. The Wilson-Huerta negotiations promise to go down to history as the prize guessing contest of the generation. Either party seems to be pressing whether the other party is bluffing, and each seems to guess that he is.

Following the recent meeting of the New York Bankers' Association in Ottawa, the Minneapolis and St. Paul bankers' club of Winnipeg have officials, the fraternization of the delegation of money is a good thing. It makes for larger and smoother business relations, social intercourse and international good feeling. But the farmer on the home-stead may be pardoned wondering if nothing follows all this confabulation contact with the Yankee money lenders. Two years ago

the open door to the United States market was shut against his products by his own countrymen, and the explanation given him was that the "Yankee dollars" he would get for the products might infect him with dilaology. Quite exactly the Canadian farmer is expected to consider himself as being infected by a morally weaker order of being than that of the man who uses his money without paying interest on it.

Miss Paulson says the next suffrageage eccentricity is to be a "no suit" strike. That would be more popular among the male than the campaign of actually starving for votes they have to do the paying. But it may not further "the cause" much. It is to be doubted if the Aspinth government would be either practically paralyzed or personally peeved if the Duke of Westminster's tenants refused to pay their rent.

The German government has put a limit on the diamond output of German Africa, fearing a glut on the market and a slump in prices. It is another example for a government, that of limiting production for the purpose of keeping up price. Maybe it is as well, though, in the case of diamonds, there may be enough ways of getting themselves into debt without the temptation to fill the coal bin with first water jewels at bargain counter prices.

The Liberals are protesting the election of Mr. Morris, recently-elected government candidate in the riding of Edmonton. They say he is disqualified from voting for seven years. The offences alleged are bribery by himself and by agents, by payment of money, by promise of jobs, and by the use and payment of transportation; treating, intimidating voters and providing vehicles to haul voters to the polls. From the list of charges Hon. Robert Borden once had to pay as prominent a part in the second battle of Chateau guay as he did in Macdonald.

At a public meeting in New York resolutions were passed asking that fifty and twenty-five cent bills be issued to facilitate the payment of small amounts by mail; also that 12-cent, 2-1/2-cent and 3-cent coins be minted as a means of enabling values to be fixed with greater accuracy and that the amounts of goods to be purchased, thus reduced to the cost of living. The feeling has long been a favorite target for the shafts of American humorists.

The trend of economic conditions on this continent, and all the other states in which the mine would be mighty useful to large numbers of people.

Remark on the Side
King Alfonso of Spain is said to be dying of leprosy. His wife, the queen, is considered to be rather healthy. It is said that she is fighting with it, but perhaps it is the leprosy that is fighting with her.

The fortunes of Islam being at such a low ebb at present, no one can afford that Arabian legion of changing over to Mohammedanism for the sake of worldly gain, though he certainly must have had an eye to the profits.

The common people of Mexico are said to be rather neglectful of rights just now, to prefer to preserve their own peace of mind, and to let the men who are able and willing to fight are free to find amongst blood-thirsty speculators.

A big bear and its contents, including horses, cattle, hogs and crabs, have been shipped to the United States. The ship was named after the bear, and the crabs were named after the ship.

People who were hoping to purchase their usual supply of diamonds a little less than the usual price of \$2.00 per carat, are disappointed. The German government has restricted the output in German Africa in order to keep the price up. The immediate future, however, this part of the world is not much concerned about the supply of diamonds of the black variety.

The former manager of the Farmington Hotel is said to be in poor health. He is said to be suffering from a heart ailment, and it is said that he is unable to do his work. He is said to be a man of great energy and ability, and it is said that he is a man of great energy and ability.

Candidates Mode and Cook Are Advocates of Municipal Ownership

Two Aldermanic Aspirants Who Would Retain All Public Utilities for the City—Mr. Mode Favors Adult Franchise—Mr. Cook Urges Economy in Public Works and Civic Civil Service Reform.

(From Evening Edition)
"Having considered the platform of W. J. McNamara and the record of his administration, I have decided to support Mr. McNamara," said the declaration of A. T. Mode, barrister, who is one of the south side candidates for the position of alderman. Naturally, as a supporter of Mr. McNamara, he is in favor of the platform.

Mr. Mode stands for the elective council, but does not think that the city should be in the form of charter amendment. He is in favor of the whole question to a plebiscite.

EFFECT OF BORROWING ON TRADE AND CREDIT

Sir Edward Holden Before Birmingham University Discusses Canada's Borrowing in London

London, Nov. 10.—Sir Edward Holden, the well-known banker, speaking to the students of Birmingham University on the theory and practice of banking, referred essentially to Canadian borrowings in London and their effect on the trade and credit of England and Canada.

After describing bills of exchange and their use, he went on to say that bills drawn against exports provided the means through the banker for paying for imports. The total imports of merchandise into Canada last year amounted to £29,000,000 pounds, and the total exports to £29,000,000 pounds.

To the extent, therefore, of £29,000,000 pounds, the bills drawn by her exports, leaving a balance of £29,000,000 pounds, he paid in some other way. In addition to this import balance, Canada had to pay a large sum every year, amounting at the present time to about £10,000,000 pounds, in interest on money borrowed.

The total amount, therefore, to be paid thereon, that is, by means of her exports, was £39,000,000 pounds. By borrowing in London by the issue of stock, she created balances there which she sold exchange in London, thus creating the interest on the money borrowed.

Navajo Indians in New Mexico Rally in Defense of Outlaws

1,600 Young Bucks Headed by Chief Black Horse Defy U. S. Marshal—Two Troops of Cavalry Requested—Indians Hold an Impregnable Position at Mountain Top

Santa Fe, New Mexico, Nov. 10.—Fifteen hundred Navajo Indians rallied in defense of their renegade and are reported in armed camp near the foot of the San Juan mountains, five miles southwest of the shiprock, a sharp, jagged rock, which stands like a sentry in the desert.

The Indians are said to be holding outlaws, who are wanted on federal warrants, charging horse stealing, murder and burglary.

Two troops of cavalry have been asked for by the marshal, and the request has been referred by the War Department to the Indian Bureau.

It is feared that before the cavalry arrives, many more will be joined by the Indians, and the situation will become more serious.

The Indians are led by Chief Black Horse and 150 young bucks. They are holding outlaws, who are wanted on federal warrants, charging horse stealing, murder and burglary.

All Aboard For Montreal! Five Energetic Workers Are Wanted For an Eastern Trip

The Bulletin is looking for a company of enthusiastic young men and women who want to visit Chicago, St. Paul, Detroit, Winnipeg, Ottawa, Niagara Falls and Montreal—Will You be One of the Number?

How would you like to pass your Christmas holidays in Montreal?

"Apple Blossom Time in Normandy" may be fine, but Christmas time in Montreal is better. And the Bulletin will send five Americans down east to enjoy the beauties and pleasures of the lake provinces while they are enfolded in snow and the skating season is at its height.

Niagara Falls, where the river is a glaze of ice, is said to be the greatest natural wonder of the world. The contestants who win the Montreal trip in The Bulletin voting contest will have an opportunity at sight this marvelous waterfall which forms the dividing line between Ontario and New York State.

Why Not Go East on a Visit?

There are hundreds of former residents of Quebec and Ontario living in Alberta who would doubtless enjoy the Bulletin trip more than anything else which could be given them. It was for these that the prize was arranged the five trips east as prizes in its circulation contest.

From Edmonton to Winnipeg the fortunate contestants who earn the trip will go over the Canadian Northern. From Winnipeg to Montreal the Bulletin will select any route they choose. The contestants who wish to rush on east may go through direct to the Canadian Pacific. Those who prefer to travel more leisurely may stop at St. Paul and visit the Minnesota capital. Then

WAR WITH MEXICO DESCRIBED BY PAPER AS INSANE ADVENTURE

Waves grandiloquent in regard to Mexico, President and People—Urges Supreme Effort.

Mexico City, Nov. 17.—(By Imperial) today refers editorially to the organization of the Mexican Congress, saying:

"It appears that this Mexican Congress displays the mighty perogues of the White House, who takes us for slaves, whereas we belong to the nation and there is no reason for 'C' in the last Latin America of Mexico, crowned with that other indolent slave and proud people whose monuments of glory rest themselves on the heights of the Aztec and Aztec."

"Our grand president, now unhampered by intrigues, stands more firm than porphyry or bronze. A people which loses its independence and dignity without a supreme effort is worse than dead, and merits eternal burning."

The article continues by saying that the writer cannot believe that Yankee will launch upon such an insane adventure as a war with Mexico.

MAIN LINE OF C. P. R. TIED UP THREE DAYS

Series of Accidents on R. C. N. Y. Lines Loses or Injures Subscribers

Hopk, B.C., Nov. 18.—The Canadian Pacific main line has been demoralized for three days. Heavy rains Friday night weakened the track at Salmon River, eight miles north of North Bend, and caused the wreck of a lumber train. The freight cars were twisted like sugar alikes. The wrecked train which left Kamloops Saturday night was delayed three hours by a halt on the double track. The three mile long bridge between the wreckage at Salmon River was cleared a rock slide of boulders, and the train went of the station. The tracks long and thirty feet deep, brought traffic to a standstill. Passengers and mail had to be transferred for thirty-six hours to a temporary track, was built. No lives were lost and no serious injuries suffered from any of the accidents.

All three were involved in the betting transactions of J. H. Denton, sentenced by Judge Moran last week to three years' penal servitude for forgery and embezzlement of the funds of the Massey-Harris company.

Few Candidates Appear For Vacancies on the School Board

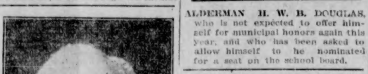

Five New Members Are to Be Elected This Year—Retiring Members of the Board Are Walter Ramsey, Dr. Crang, S. A. G. Barnes, Miss Beasia Nicholls and Alex Butchart

Very few candidates have appeared as yet for the forthcoming vacancies on the school board, although it is understood that there is keen rivalry for the positions, and that many more applicants will announce themselves during the course of the next two or three days.

There are five vacancies to be filled. Those who retire by regular rotation are: Walter Ramsey, Dr. Crang, S. A. G. Barnes and Miss Beasia Nicholls. The resignation of Alex Butchart caused the fifth vacancy.

Miss Beasia Nicholls, the first woman member of the board, has been ill for some time, and has not attended a meeting for several months. It is not thought that she will seek re-election. Dr. Crang has definitely decided to run again, and will announce his platform some time this week.

The only other candidate as yet in the field is Mrs. J. H. Hill, of the South Side, and wife of R. J. Hill, the city librarian. Under an terms of the municipal agreement, at least one candidate must be elected from the South Side, even although North Side

ALDERMAN H. W. B. DOUGLAS, who is not expected to offer himself for municipal honors again this year, and has been asked to allow himself to be nominated for a seat on the school board.

candidate may obtain a greater number of votes.

North Side Candidates.

Possible candidates on the North Side include Dr. J. Park and Alderman H. W. B. Douglas. Dr. Park was a member of the board during 1912, and ran again at the last election, but although receiving more votes than J. A. McDonald, of the South Side, the latter was elected owing to the amabulation agreement. Dr. Park has not yet definitely made up his mind about the matter, but he has been strongly urged to offer himself. While he was a member of the board he took a great interest in the school question and the establishment of kindergarten classes. Alderman Douglas is expected, will not seek municipal honors again this year, and has been asked by an influential body of people to run for the school board. It is likely that he will accept their request, although he had not arrived at a decision last night.

Mr. Barnes' Curiosity.

Mr. Barnes, one of the retiring members of the board, who was responsible for the introduction of the separate school system. He is not certain yet whether he will run or not, but he has been asked to offer himself for the introduction of a system of

supervised city playgrounds in Edmonton, and the subsequent appointment of a playgrounds supervisor. This year he has been acting chairman of the finance committee since the illness of Miss Nicholls. He believes in economy, but he also believes in providing the best possible educational facilities for the children, and says that nothing is too good alone that line.

Mr. Ramsey told the Bulletin last night that he had not yet decided to offer himself for re-election.

"My business has suffered in the past," he said, "because of my school board duties."

Dr. Crang another retiring member is, like Mr. Barnes and Mr. Ramsey, most anxious in his attempts to his duties as a member of the board. Dr. Crang has not always been eye to eye with the other members, but nobody has ever questioned his motives, or charged him with lack of sincerity in expressing his opinions. He has had four years of experience on school board work altogether, having served for two years on the old Strathcona board.

Little Interest in Separate Schools.

The election of separate school trustees is causing very little interest, and it is likely that the four retiring members—J. H. Hill, J. A. McDonald, Joseph Brant, and S. O'Donnell—will be returned unopposed. Mr. O'Donnell represents the South Side.

MEDICINE HAT, Nov. 18.—Medicine Hat school board advertisement for an architect to join the board's permanent staff and over 100 applications have been received. The majority from Eastern Canada.

Lord Grey's proposal was made in September, being an alternative to the plan suggested by Lord Larchmont.

This alternative suggested a federal scheme for the entire United Kingdom, based, "not like the ministerial measure, on a separate nationality, but on the recognition of autonomous rights as free men to manage their local affairs under conditions reinforced by the constitution of parliament of all, fairly and equally represented in a way that the experience of the Canadian provinces has shown tends to the creation of a united and contented people."

BRITISH WAR OFFICE HAS ACQUIRED "PLANE GUN"

Is Air-cooled and Gas-operated—Will Fire Low Shots a Minute

London, Nov. 18.—Great Britain has acquired what the war office calls the latest model of the air-cooled, gas-operated Lewis rifle, already experimented with by the United States army.

Firing upwards of one thousand shots a minute, it is to be made a weapon of offence for aeroplanes in the British service. A unofficial test of the new gun is to be made at the Alder range on November 27th.

ASQUITH MAY OFFER ULSTER HOME RULE WITHIN HOME RULE

Lord Grey's Plan for Settling Irish Question May Be Taken Up

BUT HOME RULE MUST BE ACCEPTED BY ALL PARTIES

Lord Grey's Proposal Is System Suggested to Provincial Government of Canada

London, Nov. 18.—The statement in the Times Monday that the government had decided to arrange a compromise with the Opposition leaders in parliament on the home rule bill, has provoked much discussion. Apparently, however, it goes beyond the actual facts. According to an indiscreet statement issued tonight, the government will submit certain proposals to the Opposition leaders for consideration of their subject to acceptance of home rule by all parties.

The scheme will only be submitted as a basis for discussion, and it is clearly impossible to insert a "case-excluding" clause.

This is thought to mean something in the nature of home rule within home rule, as recently suggested by Lord Grey.

"SANTALAND" IS THE REALM OF JOY FOR ALL

DEAR OLD SANTA! What a wonderful play-ground he has made for all the boys and girls in "Santaland," second floor. The wonderful selection of toys he has brought with him has made the little eyes sparkle with astonishment and the little mouths open wide with wonder at the marvelous spectacle. There are TOYS, TOYS, TOYS. There are all kinds—Furry little Jack-in-the-box, all the wild animals from the jungle, owls which sit up and look at one so wisely, trains which seem to want to be always on the go, and all the mechanical toys that one could think of or wish for.

Santa must have a lot of girl friends here, too, for he has brought ever so many Dolls. There are beautifully dressed little misses, with such sweet and becoming smiles, and dolls which go to sleep with their play fellows.

"SANTALAND" is gaily decorated with festooning and colored lights and everything is so gay and Christmasy like!

SANTA CLAUS IS HERE EVERY DAY.

"Santaland," Second Floor.

Santa's Favorite Dolly, \$1.85

Here is Santa's Favorite Dolly—and she is a beauty, too! She is fully 26 inches long—just a wonderful baby doll! Soft silky hair, nice clear complexion and eyes which are really beautiful. She can go to sleep, too. She is jointed in every limb and can be seated or stood up, and she can be put to bed, too. She is really a dandy, and one of the best gifts that Santa Claus could leave the little girl—and it would delight and please her, too. A doll which will stand a little more hard knocks than most, and one which is not easily broken.

THROUGH this space Santa Claus issues an invitation to all you boys and girls under ten years of age to write to him. Just a friendly letter, telling what you most desire for Christmas and anything you wish to tell him. To the little girl's letter which pleases him most he will give a beautiful dressed doll, and to the boy's letter which pleases him most he will give a suit of clothes.

Write your name and address quite plainly on the inside. Address your envelope to "Santa Claus" and drop it into the box in "Santaland," second floor. Santa will receive these letters from now until December 22nd and on that date the winners will be announced and the prizes delivered. From time to time some of these letters will be published in this space, and if your letter should appear call at "Santaland" and Santa Claus will give you a prize.

There is nothing Santa loves better than receiving letters from his little friends, and, although he will be too busy to answer them all, he will be delighted to receive them; so don't delay, boys and girls, if you want to please him.
